The 1951
Tower Echoes

Published By The Students Of
STATE TEACHERS COLLEGE
TOWSON, MARYLAND

Foreword

To the knights of King Arthur's court there came a vision of a Holy Grail. A vision and a challenge to their youth and sincerity. For this challenge they fully prepared themselves with the finest instruction and equipage obtainable. And when they were considered capable they were bid God Speed by the court sages and sent to join in the search for the Grail.

A reflection on our college career, from matriculation to graduation, shows an irrefutable analogy between these medieval gallants in their aspiration for the Grail and ourselves as modern students in our aspiration for a successful future in education. As the knights of old made ready for their quest by fasting and prayers, we fit ourselves for teaching through study and work.

The court counselors instructed them with all scholarly knowledge at their disposal. And because the roads of England were unguarded and survival was certain only for the most fit, the knights were drilled in the use of arms and were girded with the finest of armor.

Our faculty have done their utmost to advise us of the latest trends in education and to teach us the subject matter which is invaluable to any teacher, fledgling or experienced. And because all schools are not ideal and all children are not paragons, we are sent student teaching and are helped to gain the necessary classroom techniques.

The final supplement to the knight's accoutrements and training was his sword and shield made of purest tempered steel and ornamented to suit his rank and personality.

For us the last touch to our period of preparation, our college years, is our commencement. On this day we receive the diploma which proves our worth to enter the teaching profession.

Where these knights of the sixth century searched in vain for the height of their ideal, the Holy Grail, we can perceive our vision of successful teaching as something near, yet not quite in reach. And as their maxim was the Latin, *Excelsior*—even higher—so ours must be, too.

MR. J. FRED WEAVER

Dedication

It would be so simple to say thank you to Mr. Weaver for the faithful support he has rendered our class as faculty advisor. If we were to express our gratitude in any form other than those two words, we would find ourselves at a loss.

The task of listing the projects he has helped with, or originated, would be an endless one. His many suggestions and constructive criticisms have been strengthened by his willingness to "pitch in" and help with the actual work.

To construct a picture of Mr. Weaver's personality is an infinitely easier task. It is as impossible to overlook his smile and friendly greetings, as it is to overlook his habitual checks and stripes. His quick wit coupled with ag, eg, ig, og, and ug recall his professional, yet, enjoyable classroom manner. Mr. Weaver catalogues people well and easily, and woe to the unknowing student who tries to pull the wool over his eyes. An amazing vocabulary full of five syllable words make his pop quizzes tricky and his tests next to incomprehensible. Completing the picture is the memory of his talks in class meetings—full of dry humour, wisdom, and, above all, loyalty to our class.

As one way of expressing our gratitude we, the Senior Class, dedicate this 1951 Tower Echoes to our mentor, our guide, and our friend, MR. J. FRED WEAVER.

DR. EARLE T. HAWKINS
President

President's Message

When you entered college nearly four years ago, you were the largest freshman class in many years. The number of veterans was at its peak in the student body, but the idea of a world situation which would bring more veterans seemed far away indeed.

Today, many of you have your thoughts on military service. Many of the men will be going into service; many of the women will be marrying men who are going into service; and yet the world of little children must go on, too, and many of you will find yourselves in the classrooms of tomorrow.

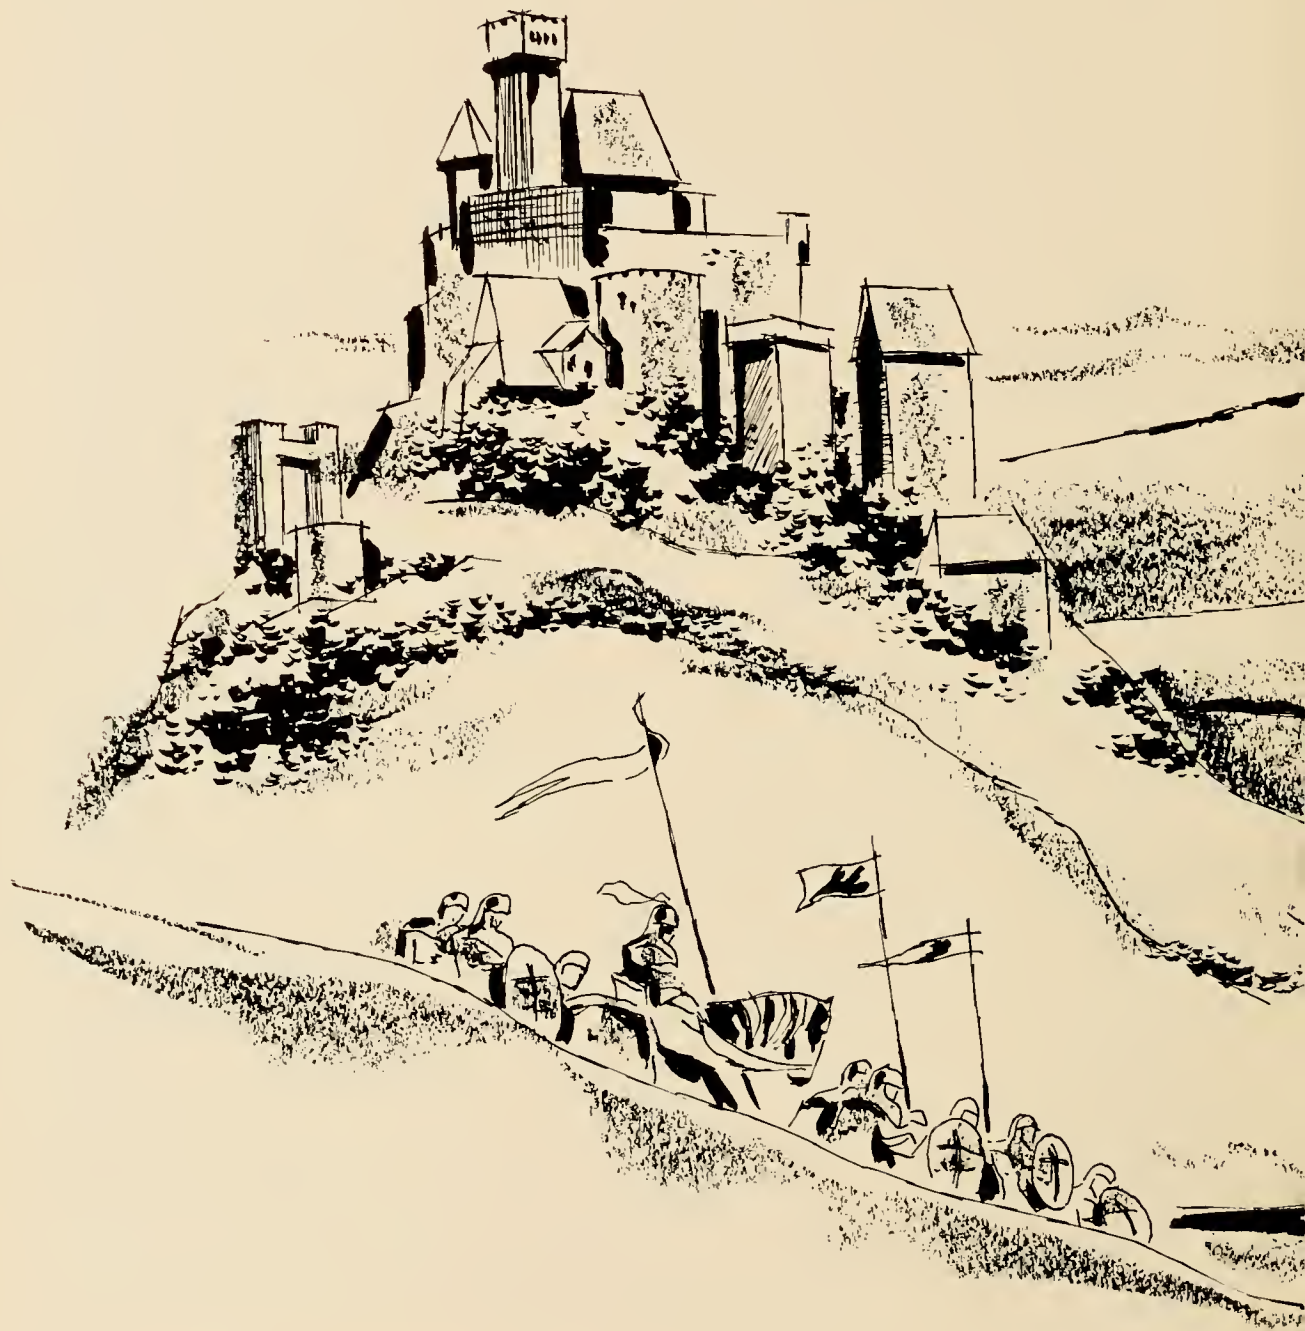

I should like to inject a personal note in my message this year. As it is your fourth year at Towson, so is it mine. I could say we entered together as freshmen four years ago. Those four years have brought growth to our college and to all of us as individuals. May I wish for all of us—you who will leave and we who shall stay—the spirit of optimism and the spirit of service. Both will be needed in the days ahead; both should be part of the heritage and spirit of Towson.

My very best wishes to all of you.

Your friend and president.

In the year 1866, when the doors of the Maryland State Normal School were first opened, a faculty of four awaited the incoming students. In 1950, when the doors of State Teachers College were opened, a faculty numbering fifty-nine received one of the largest student enrollments in Towson's history.

There have been four distinct stages of growth in the development of this, the largest teachers' college in Maryland: first, the two-year teacher training program; second, the three-year course of study; and third, the full-

ledged college program of four years initiated in 1935. The fourth stage was the addition of the Junior College and the extension of training to the junior high and kindergarten curricula.

The increased college program has necessitated many additions to the faculty. It has been said that a college is only as good as its faculty. If Towson were to be judged by that criterion alone, it would rank among the highest of teacher education institutions. Academic qualifications are necessarily important, but

the personal attributes exemplified by our counselors are equally necessary. The somewhat unique collaboration of faculty and students, which is daily practiced here at Towson, has added immeasurably to that growth of the college and its citizens.

Through the patient instruction, the enlightened leadership and the calm counsel of these, our teachers and friends, we of the graduating class face the future with confidence in our preparedness for the job.

Knights

Seniors

Four years of classes and cokes, of faculty and fun, of studies and sports; four years in which we have gained poise and maturity. From days of undergraduate apprenticeship we have evolved as self-assured seniors. As our graduation draws close we can look forward, without anxiety, to a future in our chosen profession.

It is our prerogative to look back and reminisce on what some defunct optimist termed "the best years of our lives." And, as we reflect, we find that we can do naught but agree with him.

We have begun to understand the reason, heretofore considered estoteric, for learning the C major chord, and "Put your Little Foot Down", and why likes repel and unlikes

attract. We understand because we have completed our student teaching. Those hours of "required electives" proved invaluable to us as we proceeded to the end of eighteen weeks, undaunted by individual days.

We had four merry Carousels but the first brings more vivid memories than any other. Perhaps because we were only starting, and this first class project welded us into the closely knit group we have become.

Our school we have seen grow from five hundred to approximately nine hundred students. Our own class we have seen decrease from two hundred twenty-five to the graduating one hundred forty-eight. Many reasons can explain the difference in number: such as, Junior College students (gone after two years), transfers, marriage, money, and the Academic Standing Committee. We like to feel that every member who has left us is still a part of our class. Those of us who remained have taken an active part in school affairs. The class of '51 has had representatives, and with but a few exceptions, officers in every school organization.

After many promises and the raising of many false hopes, we have seen the beginning of the new campus buildings. The beginnings of a rejuvenated and expanding college.

We are grateful and appreciative to our school, our faculty, and our fellow undergraduates. To them we leave a bit of youthful, yet age old, faith. "Lucem accepimus; lucem demus." "We have received the light; we shall give it forth."

Bladensburg, Maryland

All Sports Electives 1, 2, 3, 4; Chess Club 2; Class Student Government Association Representative 3; House Committee Vice-President 2; Foreign Student Committee 3; Freshman Advisory Council 3; Women's Athletic Association Secretary 3, Kappa Delta Pi 3, 4; Women's Athletic Association President 4; Future Teachers of America 4; TOWER ECHOES Staff 4.

Married to one of STC's own, Frank Cramblitt . . . "It's been real." . . . talks in her sleep . . . oldest of thirteen children . . . "I'm just being nasty!" . . . oh, that party! . . . hillbilly music and square dancing . . . main gripe—dormitory food . . . crunches popcorn in the movies . . . "tickles the fool out of me."

MARY JANE DAHL

15 Township Road

Dundalk, Maryland

Hockey team 1; Tower Light staff 1; Bowling 1, 2; Tennis 1, 2; Class Secretary 3; Freshman Advisory Council 3, 4; Future Teachers of America 4; Tower Echoes Staff 1; Student Government Association Publicity Committee 4.

"Janie" . . . not only red hair, but green eyes . . . entered the Diamond Club as a sophomore and added a wedding band in her senior year . . . always ready to sing a few songs in the sanctum of the smoker . . . "Merry Janie" . . . "You've been eating those pills again!" . . . enjoys "gracious living" . . . a keen interest in clean and pretty rooms.

MARY DATTELIO

Hagerstown, Maryland

Chimes Guild, Natural History Group 1; Glee Club 2, 3, 4; Photography Club 4; Student Government Association Acting-Secretary 4; Tower Echoes Staff 4.

"Penny" . . . late to bed, early to rise . . . ribbed about accenting the wrong syllables of words . . . Mrs. B.'s right-hand woman . . . loves STC's dances—especially when a convertible from Hagerstown finds its way here, huh, Paul? . . . has *more* brothers . . . an apartment is one thing that tops her list after graduation . . . full of original ideas . . . constantly doing something for friends or class.

HAZEL DAVIS

Mechanicsville, Maryland

Natural History Group 1, 2; Glee Club 1, 2, 3, 4; Bowling 2, 3; Modern Dance 2, 3; Student Christian Association Choir 2, 3, 4; Volley Ball 3; Glee Club Vice-President 3.

Pinned to a man at Maryland . . . accounts for those frequent trips to College Park . . . warbles like a lark . . . dances in the foyer any chance she gets . . . has a peculiar aversion to ballet exercises . . . wonder if her passion for knitting will ever get those argyles done . . . everything's "apropo" with Hazel . . . loves to drink coffee . . . almond eyes.

ROSE MARIE DAVIS

Waterloo Road

Ellicott City, Maryland

Dramatic Club Secretary 1; Future Teachers of America 4.

"Rosie" otherwise known as "Jinx" . . . terrific times at the "Night Owl Club" . . . proves that good things come in small packages . . . "I knew there was something I meant to tell you." . . . struggled through one pair of argyles (for you know whom) . . . "Snuffy" — the other half of the cutest couple on campus . . . can sleep through anything . . . the person you'd least want to go shopping with . . . "leader of that heathen gang".

BERTHA SWEET DEBAUGH

18 Ander Road

Timonium, Maryland

Glee Club 1, 2; Jeannie Group 1, 2; Tennis 1, 2, 3; Chess Club, Secretary, Treasurer 2; Soccer 2; Bowling 2, 3; Badminton 3; Hockey 3; Future Teachers of America 4.

"Bert" . . . happy-go-lucky . . . favorite subject—husband Charlie . . . would rather sleep than take exams . . . always ready to eat—her own food or others . . . majoring in cooking (excluding gravy) . . . quite a good architect . . . the trumpet call to battle in those freshman days . . . can get away with murder . . . has open-house any time . . . nature-girl.

RUTH VIRGINIA DEMMITT

28 Edmondson Ridge Road

Catonsville, Maryland

Glee Club 1; Bowling 1, 2, 3; Archery 2; Volley Ball 3.

"Ginnie" . . . likeable personality . . . will never tell you where she's going . . . started sporting a car around in her senior year . . . it's nice to have friends in Ocean City, New Jersey . . . takes her hobby photography seriously . . . plays the piano well—been at it for over ten years . . . reserved until you get to know her . . . wants to raise money to go to California . . . never argues.

PATRICIA ANNE DENT

Quarters 236

Fort Holabird, Maryland

Basketball 2; Modern Dance 2; Volley Ball 2; Bowling 2, 3; Dormitory Fire Chief 4.

"Pat" . . . an accent left over from those West Virginia hills . . . tall, dark, and striking . . . "Patty Anne" . . . been sporting an army shirt around the dorm for four years — and need we mention the Japanese kimono? . . . loves her television—"Gawage" . . . has a special flair for smart clothes . . . knows all the smoker songs and then some . . . "Tell me, what color was his hair?" . . . most efficient fire chief . . . one of the Five.

BARBARA JANE DIETRICH

708 Northern Parkway

Baltimore, Maryland

Future Teachers of America 3.

"Barb" . . . became Mrs. Elliott Hudgins on November 4, 1950 . . . a twin . . . female Turbi at the piano . . . surprisingly intelligent . . . lover of cats, the feline kind . . . main interest—home-cookin' . . . dreamy eyes . . . speed demon on the typewriter . . . takes her knitting wherever she goes . . . very domestic . . . interest in classical music and books . . . silence is golden.

MARY ERMA DILL

Severna Park, Maryland

All Sports Electives 1, 2, 3, 4; Future Teachers of America 1, 2, 3, 4; Women's Athletic Association Executive Board 2, 3.

"C mere!" . . . gives the impression he's shy, but he's not really . . . down-to-earth grin . . . a genuine good guy . . . one of the "B'hoys" . . . Gallahad of the athletic fields . . . square-shooter . . . "Twinkletoes" . . . Towson's fair-haired boy.

MARJORIE ANN KLEPPER

Trenton Road

Upperco, Maryland

Tower Light Staff 1; Variety Show 1, 2, 3, 4; Cheerleaders 1, 2, 3, 4; House Committee President 4; Future Teachers of America 4.

"Margie" . . . natural beauty . . . helped win the booby prize in a dorm bridge tournament . . . recent farm girl . . . calls her second graders "cuties" . . . the "First Lady" of STC . . . neat and sweet . . . can "can-can" . . . extremely popular president of the House Committee . . . a clowning actress . . . "I object!" . . . did her share of backseat driving during those station-wagon rides to Loch Raven.

MARY ALICE KNIGHT

RD #2

Leonardtown, Maryland

Glee Club 1; Natural History Group 1, 2; Student Christian Association Secretary 2; Orchestra 2, 3; Freshman Advisory Council 2, 3; Future Teachers of America 4.

"Mary Al" . . . helped start the Newman Club rolling at STC . . . was its first president . . . party girl . . . has had her ups and downs with Clem . . . Old Gold fiend . . . treasures memories of dorm days with Mary . . . if she ever fails at teaching she can go in for mechanics . . . has tried to keep one jump ahead of the House Committee . . . keeps a day-to-day journal.

DORIS JANE KNODE

116 Elm Street

Hagerstown, Maryland

All Sports Electives 1, 2, 3, 4; Marshals 1, 2, 3, 4; Secretary 3; Natural History Group 2, 3, 4; Freshman Advisory Council, Treasurer 3; Student Government Association Representative 3; Women's Athletic Association, Secretary 1; Future Teachers of America 4.

"Knodely" . . . pinned to Bob . . . loves his Alma Mater, Gettysburg . . . worries about getting assignments in on time . . . crazy about cute hats . . . "Orchids" . . . known for those trips to Gettysburg . . . knits not only socks, but ties . . . wonder how she ever managed those odd shoes? . . . should be awarded a "tonsorial" degree.

THELMA JENE KOONTZ

Columbia Road

Ellicott City, Maryland

Bowling 1; Glee Club 1, 2; Marshals 2, 3; Future Teachers of America 4.

"Koontzie" . . . those midnight ice cream parties . . . has that wave in her bangs really trained . . . wild about candy bars . . . has sleeping sickness . . . one of the few who never acquired the habit of knitting . . . long polished fingernails . . . harmonizes beautifully with that alto voice of hers . . . turned day-hop for her last year and a half . . . remembered for stepping in a mud-hole one New Year's Eve.

BETH JOANNE KOPELKE

210 Shady Nook Court

Catonsville, Maryland

All Sports Electives 1, 2, 3, 4; Tower Light Staff 2; Women's Athletic Association Board 3; Future Teachers of America 4; TOWER ECHOES Staff 4.

"Butch" . . . life of the party . . . all around pal to everyone . . . softball catcher . . . "little ole this and that" . . . terrific sense of humor . . . "Joy Boy" . . . number two in "O Come All Ye Faithful" duet . . . habit like Thumper . . . wonder if she's recuperated from pencil injury acquired in sophomore year?—it's getting bigger . . . "smile" . . . "oh, those pretzels" . . . our "Lilly of the Valley".

CLAIRE D. KRAKAU

5405 Saint Albans Way

Baltimore, Maryland

Dramatic Club 1; Choir 1; House Committee; (Western Maryland); Glee Club 2.

Transfer student from Western Maryland . . . avid reader . . . frequently mistaken for Eleanor's sister . . . partial to holidays in Florida with Gwynn . . . enjoys football and fishing . . . clings to Coed Corner for bridge games . . . a wit of note . . . anticipating summer wedding bells with a Hopkins' physics major . . . future lies in raising own kindergarten . . . "You better not go through the forest with that coat on." . . . astounding memory for people's names.

GENEVA L. KRONTZ

Big Pool, Maryland

Veteran teacher of Washington County . . . assisted with student directors responsibilities . . . excellent story teller . . . watches birds for her hobby . . . main project—guardianship of Michele . . . wonderful sense of humor . . . chauffers other students to and from STC on weekends . . . recent first lieutenant in the W.A.C. . . . was a commanding officer . . . particularly interested in first graders . . . often busy with her knitting . . . active in baseball, Glee Club, and the Mummers' League when formerly at STC.

CATHERINE E. LANGHIRT

1213 Maiden Choice Road

Baltimore County, Maryland

Marshals 1, 2, 3, 4; Chief Marshal 4; Tennis 2, 3; Archery 3; Modern Dance 2, 3; Future Teachers of America 3; Kappa Delta Pi 3, 4.

"Kitty" . . . creative and ambitious . . . doesn't care which team loses as long as Purdue wins . . . needs a basket to shuffle canasta cards . . . gives directions like a demagnetized compass (would get lost going next-door) . . . will miss "George", the "46", and the uneventful (?) rides to college . . . likes to talk, especially about her philosophy of life . . . always a friend in need of a friend.

HOMER GENE LEHMAN

355 Folcroft Street

Baltimore, Maryland

Intramural Football 1; Glee Club; Varsity Baseball 1, 2.

"Gene" . . . stood up valiantly under four years incessant teasing . . . has *that* way with women . . . Army Air Force one and a half years—still hears from Hawaii . . . good sport . . . enjoys hunting wild game . . . known for a colorful variety of ties . . . buys two new pencils daily . . . doesn't indulge in smoking . . . a lonesome bachelor . . . large quantities of lolling money (?) . . . mind goes blank during tests.

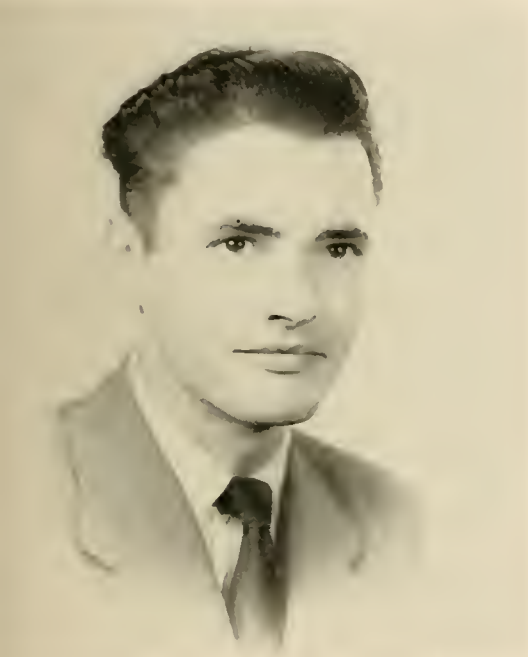

JOHN C. MAHLAND

722 Allendale Street

Baltimore, Maryland

Intramural Softball 1, Football 1, 2, 3; Basketball 1, 2, 3.

Married STC's lovely 1948 May Queen . . . has systems worked out in bridge . . . handsome man-about-campus . . . never participates in heated arguments, just heated discussions . . . always smiling . . . quick-witted . . . the party's not complete without him . . . a swift, but steady, driver . . . has two loves—his car and his wife . . . keeps the Black Diamond spotless . . . has a unique philosophy of education . . . aristocratic nose . . . easy to talk to.

CARROLL WILLIAM MATANOSKI

1612 Hazel Street

Baltimore, Maryland

Varsity Track 2, 3.

"Mat" . . . never seen without "Punt"—been buddies since elementary school . . . quiet during the week, but spends riotous weekends . . . "Alcazar" . . . college education delayed by the Navy . . . enjoyed student teaching in the third grade . . . transfer from Baltimore Junior College . . . loves horses (?) . . . easy to get along with . . . track star . . . interested in sports—both as a participant and spectator . . . should remember that walk he took while student teaching.

MARIAN ELIZABETH MILLER

5800 Winthrop Avenue

Baltimore, Maryland

Softball 1; Volley Ball 1, 2, 3; Freshman Advisory Council 2; Marshals 2, 3, 4; Tennis 3; Bowling 3; Day Social Chairman 4.

Sparkling eyes . . . outstanding trait—doesn't talk about anyone else . . . very highly thought of among the seniors . . . smiling comes naturally to her . . . a charming personality . . . sincerely modest . . . engaged to Bob . . . subtle sense of humor . . . a really wonderful friend to have . . . attractive dresser . . . worries about everything being just so . . . trim appearance at all times.

RONA LEE MINSTER

3453 Park Heights Avenue

Baltimore, Maryland

Bowling 1, 2; Future Teachers of America 4.

"Ronnie" . . . Rang in the New Year with wedding bells . . . became Mrs. Peerless . . . a knack for handling little children . . . beautiful naturally curly red hair . . . but doesn't have the proverbial temper . . . on her freckles look good . . . plaid-rimmed glasses—occasionally . . . petite and sweet . . . impish lace and an engaging smile . . . she and Edie make a cute pair . . . fond of sun bathing . . . likeable personality . . . always willing to lend a helping hand.

CHARLES A. MOORE

109 Fuller Avenue

Overlea, Maryland

Junior-Varsity Baseball 1.

"Charlie" . . . devoted to his gang . . . nice smile . . . the quiet type . . . one of his favorite topics of conversation—baseball . . . throws wonderful parties . . . a bug on science and math . . . seen cruising around in a Packard in his senior year . . . would like to follow in the footsteps of his high school physics teacher . . . tall, dark, and handsome . . . avoids uninteresting school work . . . drug store soda-jerk.

MARY J. MURRAY

2116 Steele Road

Baltimore, Maryland

Archery 1; Badminton 1; Tennis 1, 2; Bowling 1, 2; Modern Dance 2; Variety Show 2, 1; Future Teachers of America 3.

"Mar-Mai" . . . tall, willowy blonde . . . knits argyles in mass production . . . band-box freshness . . . enjoys working on projects in Dr. Minnegan's class . . . known for those millions of questions she asks . . . claims the Coed Corner for her study nook . . . found there in all of her free periods . . . soft blue eyes . . . loyal cheerer for STC's teams . . . partial to the Navy . . . always chatters on at a great rate.

JOHN NAPOLITANO

4912 Litchfield Avenue

Baltimore, Maryland

Glee Club 1; Intramural Basketball 1, Softball 1, Football 1; TOWER ECHOES Staff 4.

Marines called him back . . . quick on the draw . . . memorable impersonations of a certain STC student.

JUNIORS

Establishing themselves firmly within the college community as enthusiastic freshmen, the class of '52 carried this active influence into their sophomore year. With all campus organizations well represented by their participation, the class displayed their talents in many fields. Continuing in this vein they added considerably to their already successful record as the year 1949 drew to a close.

Winter 1950 saw them anticipating snow and planning some of their own! Appropriately enough, the season was ushered in by two class projects of a frosty nature. The first, presented December twelfth, was the Junior's contribution to the program of class assemblies. Plans were closely guarded so that the skit would be a surprise. And surprise it was as toys came alive on the stage and jolly old St. Nick himself appeared! The chorus, dancers, seamstresses, stage crew and typists worked with almost limitless energy and imagination.

A chill star-lit evening was the outside setting, while in the college gymnasium the "Snow Ball" continued the wintry motif. For weeks previous to the dance an enthusiastic publicity campaign was launched as the decoration committee made further preparations for the Christmas extravaganza. Highlighting the dance was the vocalizing of a trio

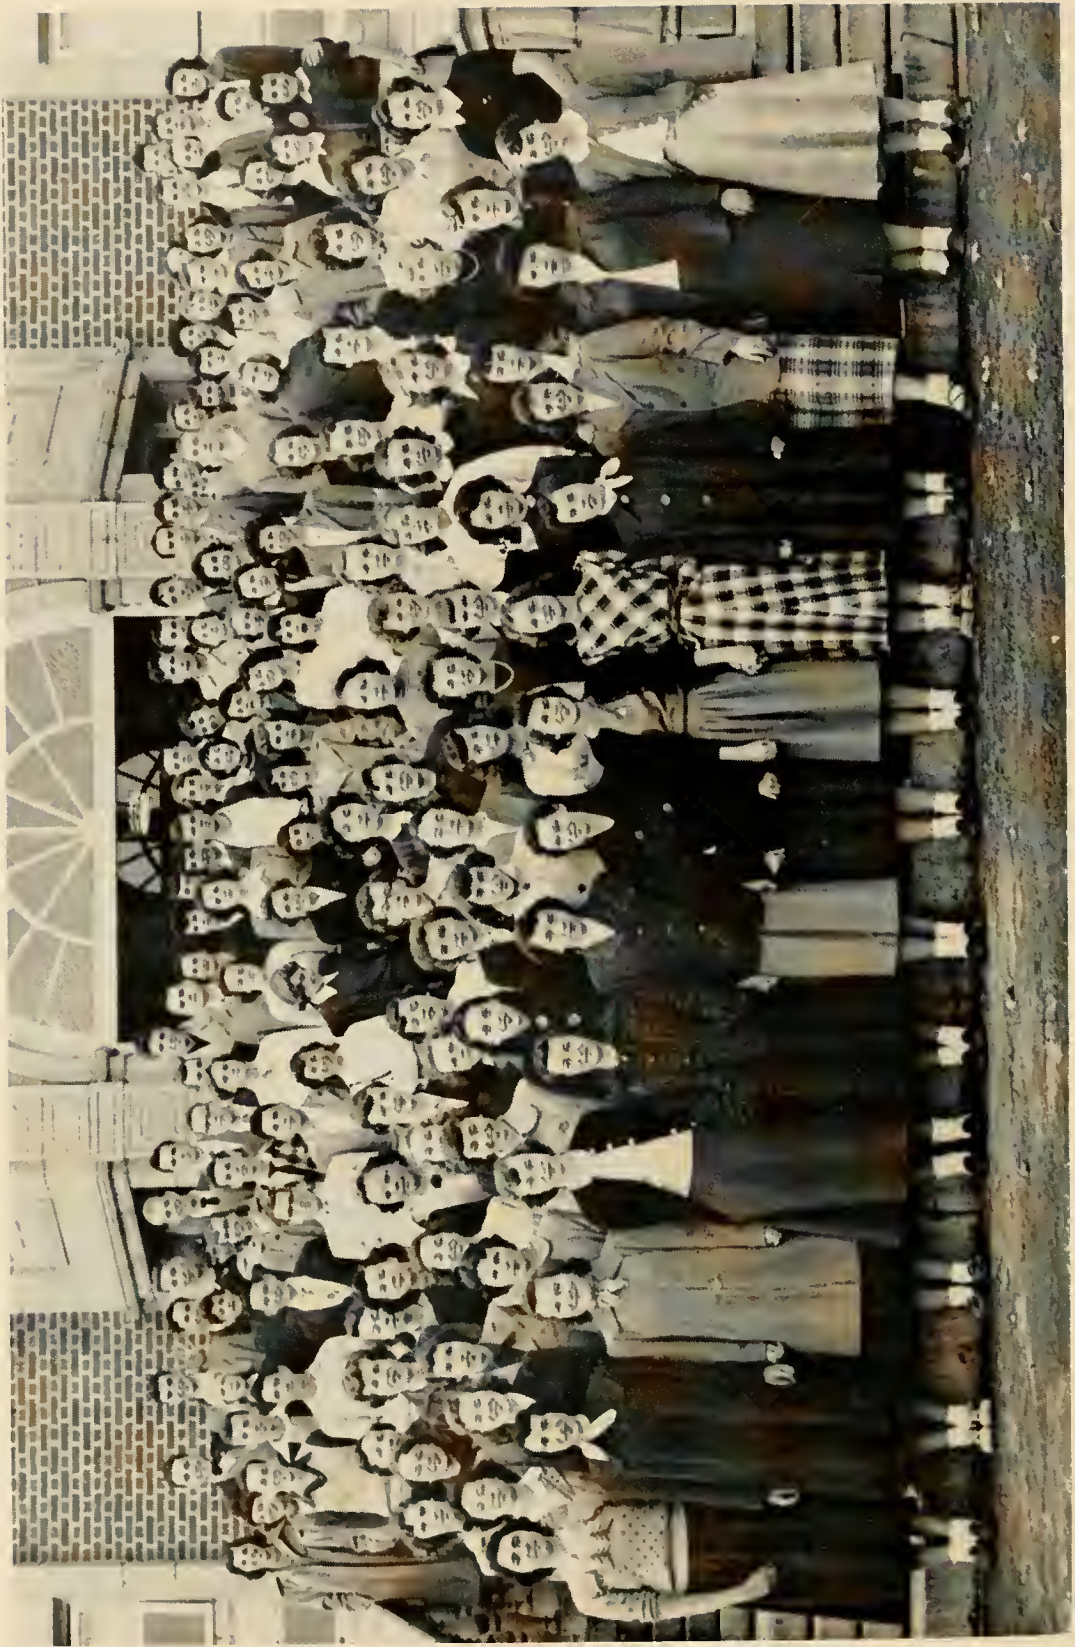

JUNIOR CLASS OFFICERS

Top row, left to right: Carolyn Naumann, Lee Smith, Molly Smart. Bottom row: Lorna Virts, Bette Ann Jackson.

of Juniors labelled "The Merry Marns". Thus the winter wonderland of the '52'ers reached fulfillment.

Gathering momentum with each fruitful year, the '52 graduates have no qualms as they approach the role of seniors at STC. May continued success be theirs!

SOPHOMORES

Having satisfactorily completed its initial year at SJC, the class of '53 determined to add to its laurels as its second edition of college life began. The sophs lost no time getting back into the swing of campus activities—scholastic and social as well.

The second-year class wisely chose as its permanent advisor Dr. Arthur W. Brewington. Dr. Brewington is already living up to his statement that he would support and cooperate with all class undertakings. With his capable guidance and the leadership of well-chosen officers, the '53 graduates anticipate continuing success in their remaining years at Towson. Their members constitute an important factor in all school organizations and athletic teams.

Careful planning and cooperation, characteristic of this group, were evident in the Soph-sponsored dance for Freshmen. All who attended the September affair spent a most enjoyable evening. A belated party for the

Juniors, held in early October, completed the fall entertainment calendar.

As the year progressed the Sophomores entered more and more into the life of the school. Time never stood still for them. Outstanding events on their agenda for the Spring term included their class assembly given for the entire student body, their own barn dance "get-together" in the college gym, Girl's Demonstration Night, and of course May Day. The college dance given by them was scheduled for April seventh. Cooperation continued to be their by-word.

With the ending of this year, the class will lose most of its Junior College members, but we suspect that many of them will transfer to the Teachers College. To those graduating sophs the Class of '53 wishes the very best for them in whatever they undertake. We are sure that those who remain to complete four years at Towson will continue in the best traditions of their class and of the college. To them we offer our sincerest wishes for success.

Hollinger, Treasurer.*

Monday, September 11, 1950, is a date well-remembered by many students, faculty members, and administrators of STC. For on that day was born the Class of 1951. For some the day was a re-union, for others a day of meeting new friends, but for all an introduction to new challenges.

Arriving from as far south as Florida, as far north as Massachusetts, and as far west as Arkansas, two hundred and fifty-four young men and women gathered in the college auditorium to comprise the ninety-third class to be enrolled at Towson. After an inspiring initial year, each Frosh reflected upon his own abilities to meet the new challenges thus introduced.

In expediting the social orientation, the aid of the Freshman Advisory Council was immeasurable. They directed a wide variety of activities, including a "get acquainted" party, Talent Show, Barn Dance, pajama party for the girls and "smoker" for the men, and a scavenger hunt. Freshman participation during the Orientation Week brought into view talent and leadership from within the ranks.

Having elected temporary class officers with Bob Colburn as president, Ed Moore as vice-

president, Rose Ann Provenza, secretary, Betty Hollinger, treasurer, and Maria Fenton and Marian Sadler, as social chairmen, the neophytes began their claim to fame. Topping the extra-curricular calendar was the initial "mixer", the "Paper Kapers". November seventeenth brought many parents to the campus for the annual Freshman Parents' Day—a time for moms and dads to view our collegiate lives. Other events of importance included the Freshman assembly ("Fifty Years a College Freshman"), a semi-formal dance, and a party for the Sophomores.

It was obvious from the outset that this class formed an integral part of Towson's student activities as evidenced by their participation in the Glee Club, the orchestra, the staffs of the Tower Light and Tower Echoes, the Student Government Association, Girls' Chorus, Men's Chorus, Glen Players, the Athletic Associations and the numerous Faculty-Student committees.

Having already established an enviable spot in Towson's annals, the class of '51 is anticipating a highly successful future. We predict that this is one class STC will long remember for its varied contributions to Towson's traditions and to her posterity.

Hannam, Anne Wallace, Miss Woodward.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association—the governing body of the school—is made up of more than the five elected officers and the Executive Board.

The weekly sessions of the Executive Board on Tuesday afternoons, where policy is formulated and budgets are made by these representatives of the student body, is often the scene of much spirited discussion. It is at the monthly assemblies held by the SGA that democratic student government in action is really seen. Here the interested citizens of Towson offer much criticism, comment, and suggestions on the programs the school is to follow.

As long as its officers are as capable, the students as interested and active, the Towson Student Government Association will progress.

SGA Assembly

Executive Board

INTERNATIONAL RELATIONS CLUB

The International Relations Club is an organization for the furthering of world peace and brotherhood. In conjunction with this purpose they have brought to our campus many speakers who have lectured on interesting and varied subjects, thereby, helping to bring a better understanding of world affairs to our campus. This is one way that the club attempts to view and give a background for world problems as they appear in the news. This organization, with branches in every major college in the United States, is sponsored by the Carnegie Endowment for World Peace.

International Relations Club

Kappa Delta Pi

Natural History Group

KAPPA DELTA PI

Kappa Delta Pi is a National Honor Society in Education which encourages high professional, intellectual, and personal standards, and gives recognition to outstanding contributions and achievements in the field of education.

In view of the Society's purpose, the activities of Epsilon Alpha Chapter are largely professional in nature. So that its program may reach beyond its immediate membership, certain professional meetings and activities are open to the student body in general. At least once a year the local chapter sponsors a panel discussion and open forum which centers around an area of professional or collegiate interests.

NATURAL HISTORY GROUP

The purpose of the Natural History Group is to provide enjoyment and knowledge for its members and to supply a background for the teaching of science. This group takes monthly hikes to places of interest around Baltimore County, such as the overnight hike to the Patapsco State Forest Reserve. While on these hikes they enjoy nature, companionship, and gain an enrichment in scientific background as they come into a closer contact with wildlife, flowers, and insects.

MARSHALS

Familiar to all Towson students are the Marshals who greet them at the door of the Tuesday assemblies. A long established service organization, this group keeps many campus activities running smoothly with its work behind the scenes. Registering for Homecoming Day and ushering at special affairs, which include the Baccalaureate Service and Commencement, the Marshals have proved themselves a Towson asset.

Marshals are elected every year from class nominations and a tea is given in honor of the new members. Each spring at the annual picnic, awards are given to those who have served for at least one and a half years—an award well deserved by these hosts and hostesses of the Towson Teachers College.

Marshals

ALPHA PHI OMEGA

Another service organization, Alpha Phi Omega is composed entirely of men who have had former scouting experience as either a Boy Scout or a Scout leader. Iota Gamma (the Towson chapter of Alpha Phi Omega) is only one of over two hundred chapters in the United States. Initiated only last June, the organization is rapidly growing and includes two local scouting leaders and five faculty advisors as well as its student members.

During the past year several service projects have been undertaken. Among them which are the Lost and Found service, assisting as guides and registrars for special days on campus, a long-span renovation project in the Glen, and a committee to work on the bulletin board and keep it up to date. As long as they keep service their keynote, the APO members will be a valuable group of citizens on campus and in community life.

Alpha Phi Omega

Aviation Club

AVIATION CLUB

The aim of the Aviation Club is to increase a knowledge and interest in aviation and air age relationships throughout the college and in the world.

A most important part of the club's work has been the training and scheduling of instructors for the link trainer. It has been in operation for two years and has been used by thousands of individuals including college students, elementary and high school students, and other groups of children and adults.

FRESHMAN ADVISORY COUNCIL

Freshmen Week, Freshmen Parents Day, and getting off to the best possible start in college life is the primary concern of all the newcomers to Towson. To them the organization which is of most importance is the FAC—the Freshmen Advisory Council.

After a term of many discussions on the problems of leadership and the adjustment of lofty high school seniors to lowly college freshmen, the FAC plans a well-organized week to make the frosh feel at home. Offsetting the ordeals of tests and registration with group games and songs, a picnic in the Glen, the hike to Loch Raven, a barn dance, talent show, and like activities, the freshman finds he has made many friends and found a place where he can "fit in" by the time the upper classmen return and the college year starts in full swing.

Freshmen Parents Day, High School Visiting Day, and the annual FAC Dinner round out a busy year for the FAC members. Providing a friendly atmosphere for visitors and newcomers, the FAC continues to grow as an organization which maintains high standards and proves itself an important cog in the wheel of college life.

Freshman Advisory Council

FUTURE TEACHERS OF AMERICA

At Towson, the spotlight is on teaching, and the organization which has grown most since 1918 is probably the Future Teachers of America. The M. A. Newell Chapter now boasts of a membership of over two hundred active Towson students who are interested in education as a career, and they have enriched the spirit of college life by their services.

When the Maryland State Teachers Association Convention was held last fall, the chapter members were kept on their toes as hosts and hostesses for the second annual meeting of the state FTA representatives. With twenty-nine high school clubs and nine college chapters present, the constitution of a state-wide organization of the FTA was adopted. This was followed by the election of state officers, two of them being members of the Towson chapter—Mary Fiery, President and Bill Hammerman, Executive Committee Member. They staffed booths and exhibits at the Convention and served at Alumni Headquarters in the Lord Baltimore Hotel. Thus, the Future Teachers of America has served in a professional and hospitable, as well as an academic nature.

Mary Smart
Newman Club President

Newman Club

NEWMAN CLUB

September found the Newman Club members back at Towson to continue the work of the club in its second year as a Towson organization. Primarily of interest to Catholic faculty and students, it is one of five hundred similar groups at colleges and universities over the nation. The Newman House at Hopkins is always open to the Towson students for both the social and provincial meetings.

Under the guidance of Father Schwalenberg of the Immaculate Conception Parish, Towson, this group carries out a threefold program which is the religious, intellectual, and social development of the student. A wide range of activities including forums, lectures, Communion breakfasts, and socials helps to realize these purposes.

Robert Ludwig
Canterbury Club President

CANTERBURY CLUB

The Canterbury Club aims at the spiritual and social development of the Episcopal college student. Founded at a teacher's college in New York in 1918 by the Rev. Frank Creighton, it has since spread to most of the colleges and universities throughout the country.

Here at Towson, the Club is under the direction of the Rector of Trinity Parish and his College Staff. The advisor of the group is Mrs. W. A. Liland, who has not only done a fine job with the group, but has opened her home to its members. She has done much in the planning of social activities, which, in turn, have done much to make the group an extremely active one.

Canterbury Club

Student Christian Association

STUDENT CHRISTIAN ASSOCIATION

The Student Christian Association aims at fostering religious expression at Towson for both the faculty and the students of all denominations. Led by a cabinet of fourteen student members and the two faculty advisors, the club is divided into four commissions. These commissions—World Relatedness, Social Responsibility, Christian Faith and Heritage, and Personal and Campus Affairs indicate the purpose of each member. Through the work of the

cabinet and commissions, the program for the year is planned and carried out. With the approach of Thanksgiving, Christmas, and Easter, the SCA presents the traditional assemblies and Easter Pageant, which are highlighted by the SCA choir. Vespers, commission meetings, projects such as selling Christmas cards, and many social activities make the Student Christian Association one of the largest and most active organizations on campus.

SCA Choir

SCA CHOIR

The Easter Pageant, vespers, assemblies, and Church appearances all go together to make a busy year for the SCA Choir, a musical organization within the Student Christian Association. Dressed in their traditional white robes, they are as impressive to see as they are to hear. Their lovely voices, blending harmoniously, have a profound effect on all who listen; without them, we would find something vital missing from our holiday programs as well as the many other occasions at which they sing.

GLEE CLUB

Monday afternoons—the bookshop crowd dwindles at an earlier hour—the smokers and card room are also vacated—for it is a day reserved for Glee Club rehearsal. One of the largest and most prominent organizations at Towson, its members now receive one academic credit for completing one year of satisfactory work.

From our own Freshmen Parents Day to our Baccalaureate Service and Commence-

ment, the Glee Club has given us much to enjoy and to remember in the way of entertainment. Visiting high schools and radio broadcasts make up a part of this organization's activity off campus.

We can point with pride to the State Teachers College Glee Club—an old organization which has always contributed well to the musical culture of its future teachers.

Glee Club

Girls' Chorus

GIRLS' CHORUS

The Girls' Chorus, another organization of musical note, corresponds closely to the Glee Club in participating in the musical programs of the college. Assemblies, special occasions, and outside appearances likewise make up a great part of the activity which it jointly shares with its parent organization.

CHIMES GUILD

A hush gathers over the dining room every evening at dinner as the Chimes Guild sings the grace. Composed of women resident students, the group gathered around the chimes for the brief pause before the evening meal will long be remembered by the dorm students.

Chimes Guild

Orchestra

Mr. Geriak directing

ORCHESTRA

Under Mr. Geriak, formerly of the Sparrows Point and Towson High Schools, the State Teachers College orchestra has continued to grow in quantity, quality and versatility. Freshmen Parents Day, High School Visiting Day, our holiday and special assemblies, the Baccalaureate Service and Commencement have been some of the occasions at which this group has contributed many orchestral arrangements of both popular, classical, and traditional music.

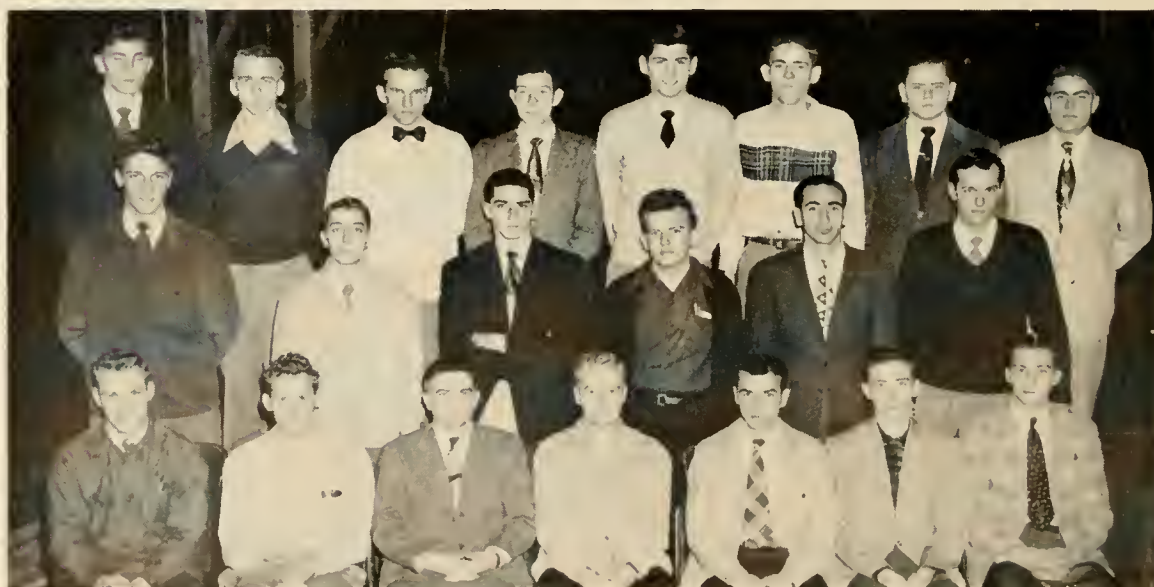

Behind the finished products are many Monday afternoons of rehearsal. The theme from Tschaiowsky's "Concerto No. I", better known as "Tonight We Love" has proved its popularity, but it is the "Procession of the Sardor" from the "Caucasian Sketches" which represents many weeks of hard work and was played for the first time this year.

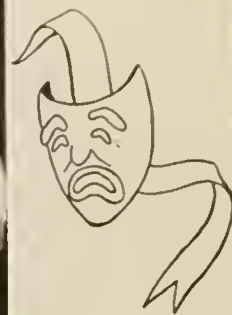

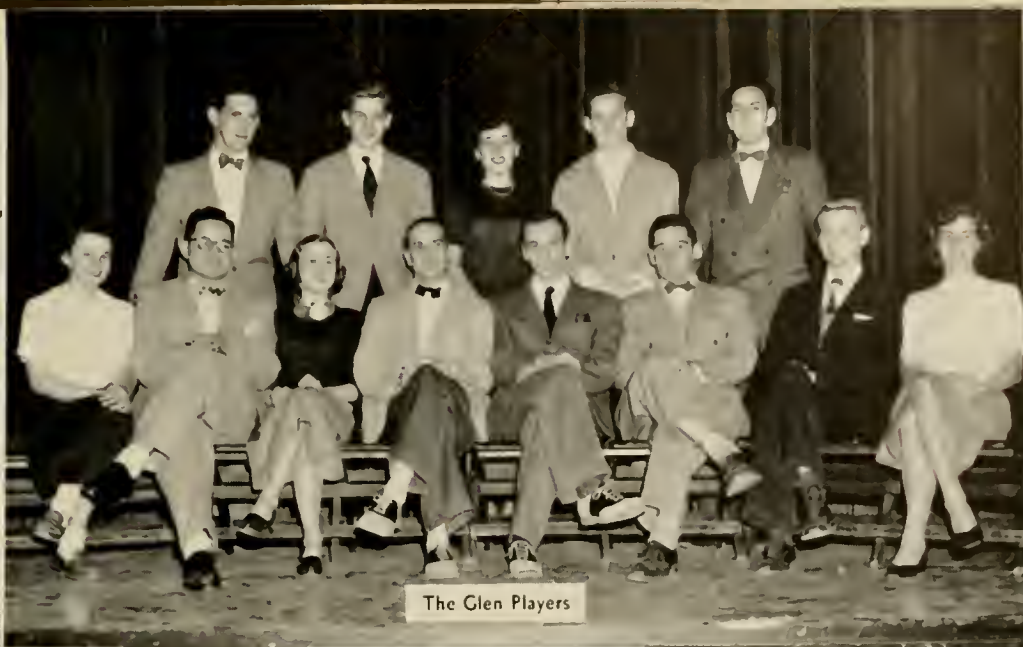

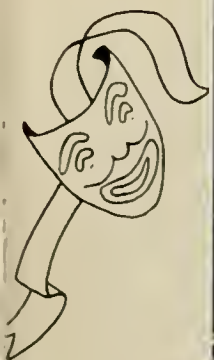

MEN'S CHORUS

Musical versatility is the keynote for one of the most harmonious organizations at Towson—the Men's Chorus. A formal appearance or an informal serenade, a song of melancholy by the group as a whole or a highly humorous selection by a quartet are always enjoyed.

We have seen the Men's Chorus as an infant organization rise to one of prominence through its programs presented both here and on numerous occasions off campus.

Men's Chorus

GLEN PLAYERS

First organized in 1948, the Glen Players have grown into a recognized dramatic group. Under the direction of Harold C. Paul, the Glen Players have reached a standard of achievement seldom seen in small college dramatic groups.

The 1950-51 season was opened with George Bernard Shaw's "Pygmalion". Starring Betty Lou Mariner, this comedy met with high student approval.

This Towson Theatre group has tried to produce plays of high calibre rather than those of purely popular appeal. They plan to continue in this line with Eugene O'Neill's "Anna Christie", with a musical comedy, and possibly something by Shakespeare.

The Glen Players as a group are people who enjoy acting, do not mind hard work, and enjoy life in general. The members know what it is to spend all day and night rehearsing, but they also know how to cover a flat. They have gained knowledge of the theatre through hard work and sincere interest.

Judith Weisman Goes To Israel

Miss Judith Weisman, of the Class of '52, recently received a singular honor from the Intercollegiate Zionist Federation of America.

Each year the Jewish Agency awards several scholarships to youth of Zionist organizations to attend the Leadership Institute in Israel. For the term beginning in February, only one scholarship was awarded to IZFA in the whole country. Judy won it.

She will spend six months in Jerusalem studying Hebrew, Jewish history, science and archeology. In connection with her official studies, Judy will live for short periods in nearby immigrant camps.

During the remaining six months of her year-long visit, she will travel the collection settlements on her way of

TOWER LIGHT

Tower Light is the bi-monthly publication of the State Teachers College, but to those who have read it, and to those who have worked on it, the "TL" means much more.

Those who have read it will remember Dr. Walther's interpretation of current events, the varied editorials, the sports articles and comments, and the many different features which enliven any newspaper. Those who have worked on it will remember the story behind every story and the atmosphere of the "TL" office as well as the work and worry of meeting deadlines, working over the dummy, giving out assignments, the trips to the printers, and proof reading. As a publication which concerns and belongs to every student, the "TL" means much to everyone.

Thus the Tower Light is more than just a paper of so much newsprint—it is the instrument through which the students receive information, and, therefore, is a deciding factor in the molding of student opinion. Student opinion, student activity, student co-operation and talent—this is the Tower Light.

Teacher Exams Next Month

The National Teacher Examinations, prepared and administered annually by Educational Testing Service, will be given at testing centers throughout the United States on Saturday, February 17.

At the one-day testing session a candidate may take the Common Examinations, which include tests in General Culture, Mental Abilities and Basic Skills, and Professional Information; and one or two of nine Optional examinations, designed to demonstrate mastery of subject matter to be taught. The college which a candidate is attending or the school system in which he is seeking employment will advise him whether he must offer the National Teacher Examinations and which of the tests he should take.

Application forms, as well as a Bulletin of Information describing registration procedure and containing sample test questions, may be obtained from the National Teacher Examinations, Educational Testing Service, P. O. Box 592, Princeton, New Jersey. A completed application, accompanied by the proper examination fee, should reach the ETS office not later than January 19.

Dr. Arthur W. Brewington
Yearbook Adviser

TOWER ECHOES

Publishing the 1951 TOWER ECHOES was truly a school project. Freshmen, Sophomores, Juniors and Seniors worked together to meet the deadline.

Most of the student body remembers the confusion in the lower hall while seniors were trying to sell patron ads and cries of, "Oh, boy! Yours are terrible!" and "Aren't mine awful!" when the proofs of yearbook pictures were returned. But what they do not remember are the long conferences in North Parlor

when Don, our editor, kept order among the stall. Everybody came well equipped with cigarettes, cokes, paper and pencils to those meetings. The only thing they forgot to bring along was some ideas. But after much discussion the cover was decided upon and the theme chosen.

Then the work began. Cheerful Don would meet us in the hall, or in the bookstore and say, "Where is that write-up?" or Bob Goodman, our very efficient business manager, would say, "What happened to that twenty dollar ad you promised me?"

Maryann Kuehnle's favorite expression at the time was, "Will you please initial your write-up?" Pencils, erasers, and piles of scrap paper were Bradbury's constant companions when she was trying to work out the page makeup for the activities section. Ann Wallace and Gladys Belsinger just smiled and didn't worry but somehow got their work done.

Much credit goes to Dr. Brewington who acted as faculty advisor to the yearbook staff. He attended many meetings, listened patiently while things were being hashed out, laughed and frowned at the right times and never failed to give words of advice or encouragement when they were needed most.

When December 22nd rolled around Editor Leuschner is said to have counted to one hundred, fifty times and Bob Goodman is reported to have lost one forefinger while biting his nails trying to make the books balance. In spite of these minor trivialities the 1951 TOWER ECHOES made the deadline!

COLLEGE

College is a community, not a narrow academic routine. Its social activities are essential to its realism.

The student body has realized the importance of meeting friends, classmates, and instructors in places where the atmosphere is on a less formal and more friendly basis. This college has provided a variety of gathering places, maintained and operated for the good of the students.

Time for a quick smoke between classes? The alcove in the administration building is the natural answer. If you have more time and nothing pressing to do—the Book Shop offers a standing invitation — milkshakes, cokes, conversation, and cards mingled with cigarette smoke. Just down the hall you will find another means of relaxation—a good game of table tennis in the ping pong room.

Or perhaps you'd rather meander up to this

The Main Library

The General Reference Library

Leaving Newell Hall

LIFE

year's new addition—the card room, and join the crowd indulging in Canasta, 500, Rummy, Hearts, and Bridge . . . (P.S. Checkers, also). As you enter, from the four corners of the room, you can hear, "I pass", "Three Clubs" and a yell from across the room, "Hey! We need a fourth"—which momentarily breaks your concentration.

Say you'd like some dancing instead? Try the foyer. Although primarily a waiting place in a home-like atmosphere, it is often the scene of gay twirling couples. But for those who like to settle down with a good book, many college students have found the library a place of relaxation as well as a place for study and research.

State Teachers College is a community—one which moves progressively in a well balanced way to secure for all students a diversified program through its college life.

Just sittin', or dancin' . . . playing cards . . . the "smoke" between classes . . . the "coke" in that "free" hour.

Ellen Rochstroh

ELLEN ROCHSTROH

Ellen Rochstroh is the student from Kassel in the American Zone of Germany. There Ellen is qualified to teach in any grade in the "Volkschule"—the fundamental school of Germany which is the equivalent of the first to the ninth grades here. With her bright blue eyes, friendly smile, charm, and vitality, Ellen would be the perfect representative to any country or any college, and we are indeed fortunate to have had her here at Towson.

From her Towson life, with its library, bookshop, and the dorm's traditional songs, smokers, cards, curfews, and quiet hours—Ellen found that college girls here are very much like those she left behind in Kassel. Outside activities such as the Hopkins Cosmopolitan Club and visiting private families and the points of interest in Baltimore have also kept her very busy. Among the most stimulating and profitable experiences she has had as a teacher have been her visit to the

various schools, for now, she says, she will be able to be a much better teacher after adapting the best from the German and American systems of education.

"One of the things which made me happiest", said Ellen, "was finding out that it was the students themselves who decided to have me here." Ellen has not restricted her education to book learning, but has endeavored to meet people and thereby study the real America. She believes that actually meeting and knowing people gives us a better mutual understanding of foreign countries and if an opportunity such as she has had were extended to more people all over the world it would make for better understanding among nations.

Although Ellen returns after this year to the job which is waiting for her in Germany, she regrets leaving the college which has been a home to her. We have profited by having her here with us because she has broadened our scope of understanding and appreciation. For many years, for many of us, the link of friendship we have with Ellen will be a link of friendship between her country and our own.

SPOOK DAY

Hallowe'en brings Spook Day . . . dreaded by the freshmen, but anticipated by the upper-classmen with fiendish delight . . . when all the "lowly newcomers" pay the price of admission with the blood, sweat, and tears of initiation . . . when floors are scrubbed and waxed . . . windows washed . . . all trash cleared away.

Surprising events may take place at dinner, when eating is of least importance . . . a pirate may chase a beautiful French girl . . . solos, duets, and speeches may take place simultaneously. Then the hilarious Spook Parade occurs and at this time the dorm takes on all the aspects of a circus.

"Operation Hallowe'en" is weird, gruesome, and mysterious . . . with the "Spooks" blindfolded and terrorized by thoughts of the unknown. Finally the return back to the dorm and much needed refreshments . . . then to bed with one consolation for the evening's victims . . . "next time is their turn".

HOMECOMING DAY

November 11, 1950—a bleak, dreary day which found much hustling and activity on the State Teachers College campus. It was the second annual Homecoming Day since before the war.

The day was marked by many interesting events, including an address to the alumni by President Hawkins, the dedication of the new athletic field by Dr. Minnegan, director of athletics at STC, and the laying of the cornerstone for the rising men's dormitories—

events which drew state officials as well as alumni to the Towson campus.

A copper box placed in the cornerstone contained items of current interest, such as *Tower Light* publications, a Student Government Association handbook, and a Glen Players program and ticket. The STC athletes participated in a soccer game and cross country meet in which the men showed their usual enthusiasm.

Registration and discussing the many changes with old college friends filled any loop holes in a well-planned day which was brought to a dramatic close by a presentation of the Glen Players—"Pygmalion" by G. Bernard Shaw.

TEACHING

Student Teaching—the part of our college career to which we look forward with misgivings and faint heart for three years. For this is the time when we try on “professional shoes” and leave the once most important activities to the others on campus.

Student teaching means eighteen weeks of separation and oblivion—eighteen weeks that leave us with many memories—good and bad. Remember the little boy who wrote you a note that said, “I love you.”—or the one who kicked you in the kneecap and left you limping for days? . . . the times you laughed at someone else’s misfortunes or burdened the same person with yours . . . the visits from the supervisors and the conferences that followed . . . and what about those hair-raising trips in the station wagon . . . the many lunches we sleepily packed . . . and the basketball games we had to miss because lesson plans couldn’t be put off any longer?

These are only a few of our student teaching memories . . . hundreds could be added . . . some better and some worse . . . just ask any veteran student teacher.

Mr. Kimmett greets his class at the door.

Miss Brohawn straightens up the kindergarten.

Miss Klepper reads a story to the kindergarten class.

DORM

HOUSE COMMITTEE

Left to right: Ann Warfield, Anne Coyne, Majorie Klepper, Mary Fiery, Gloria Nardone.

Janie Dail's room

To the residents of Newell and Richmond Halls, the dorm is an integral part of college life. With its rules and regulations, campuses and curlews, the House Committee manages to maintain a peaceful way of life among some three hundred girls—not an easy task by any means. Although best remembered by those who have served and those who have been summoned, the work behind the scenes of this governing organization affects all. Many social activities are planned—the Hallowe'en and Christmas parties, the Thanksgiving and Christmas banquet, and the annual bridge tournament are only a few to be mentioned. Serving refreshments during exam week, maintaining repairs on the laundry equipment and victrola, and providing records and decks of card are only a few of the services rendered. And with the patience and understanding with which the resident directors treat both our problems and our pleasures, dorm life has been a happy one.

Dorm life—the smoker! Here the crowd overflows into the hall, the traditional songs can be heard throughout the dorm, and cards are dealt and played between trips to the candy room and telephones. As it suddenly fills, it is suddenly emptied when the bell

Newell Smoker
(2nd floor)

LIFE

rings and the crowd disperses back to the rooms. The rooms—three to a room which often holds the activity of three times as many—bunk beds, hen sessions, studying, and more card games! The trips to Gus', the movies, the late leaves—the Chimes of the Tower Clock which brings forth the paternal good-nights of our friendly night watchmen—all of this is part of dorm life.

But the girls' smokers have nothing on the men's residences—or so the girls are told. The Barracks and the Cottage hold more than fifty men and gadzooks! The "gracious living" they furnish until the men's dorm is completed! First and foremost of all the social activities carried on in the Barracks and Cottage is the bull session. Oh yes, what devious means to educational ends! It is the only time when the men can get a word in edgewise without being out talked by a female—male paradise indeed! Intellectual discussions are not the only social activity enjoyed by all the campus men, however. Thought waves constantly transcend through cigarette smoke over a bridge game, or on evenings when the emotions lean toward the malicious side of life, when a game of Hearts or "Cut-throat" Pinochle may dominate these "peaceful" chambers.

Men's Barracks

Cottage

Cottage

Santa remembers a happy guest.

CHRISTMAS

Christmas—the holiday season which softened even Scrooge's heart and brings us a ten-day vacation . . . the traditional Christmas trees in front of the Ad Building . . . the giant tree and other decorations of the foyer . . . the pageantry of the formal banquet.

The Spirit of Christmas . . . the Christmas party with the children from St. Mary's Villa . . . their magic trip to toyland where they found the elves of Santa's workshop, the dolls, and "Rudolph" . . . their upturned faces as Santa comes. The caroling after the party . . . the trip to Eudowood and back to Glen Esk . . . caroling at dawn through the dorm and to the men's residences.

At the last minute . . . gifts exchanged . . . hurried packing . . . last minute parties. Trains to catch . . . bus schedules to meet . . . home for the holidays . . . an empty dorm with happy echoes . . . "Merry Christmas! Happy New Year!"

SPORTS PROGRAM

Often times sports fall short of their purpose in a college program and such a situation is not a favorable one. The STC sports program of soccer, cross-country, field hockey, basketball, track, and baseball are very significant in our college and definitely serve the school well. The spirit that is aroused over each sport is one to be proud of indeed. Students line the field and, although we may fall short of the winners circle at times, the radiant glow of spirit burns just as brightly as if we were always on top. Athletics then are bene-

ficial to the school—there is no shame in sports when the will and determination of each competition is focused on fair play and respect for the game itself.

The sports at STC are so designed to offer as many opportunities as possible to those desirous of competing. The Junior Varsity program and the intramural program supplement the varsity sports and are instrumental in offering so many students an opportunity to participate.

COACHING STAFF

Left to right: Dr. Minnegan, Dr. McCleary, Mr. Killian, Mr. von Schwerdtner.

COACHES

Dr. Don Minnegan, Dr. McCleary, Mr. von Schwerdtner, and Mr. Killian have all worked hard with the men and the teams. Dr. Minnegan, as athletic director, spearheaded a publicity program the like of which Towson has never seen. It was Dr. Minnegan who molded the cross-country team and the indoor track team. Dr. McCleary and Mr. Von Schwerdtner continued their excellent work in tennis and wrestling respectively. Mr. Killian, new to the coaching staff this year, earned his "place in the sun" with his soccer, basketball, and intramural achievements.

CHEERLEADERS

The cheerleaders' work can be appreciated by all persons who attend the games. Through their work, the cheers for the STC teams are kept on a high plane, and the disorganization which might possibly be present with large spectator crowds, is not present.

The cheerleaders are particularly helpful at our games, though that is not their only job. In past years they have held bonfire pep

rallies before games and have set the tempo of spirit for the forthcoming game.

The student body fills their part of the bargain by learning the cheers. Clever ideas for the tournaments are invented by the girls. Formations on the floor added to the effectiveness of this integral part of our athletic program.

MEN'S ATHLETIC ASSOCIATION

With the increasing enrollment of men the MAA recognized the need for more means of team competition and two more varsity teams were created, namely crosscountry and indoor track. An extensive intramural schedule was set up and all men were given the opportunity to participate in a sport as well as to be one. Dr. Minnegan and the captains of the teams drew up an insurance plan which proved to be the answer to the varsity athlete's problem of immediate payment of medical bills.

A dream became a reality when the MAA made it possible for the hoopsters to journey northward to engage Queens College and Drew University of New York. This experience proved to be valuable to the veterans and to the newest members of the squad. The '51 MAA poses a challenge for the athletic organizations of future years.

MEN'S ATHLETIC ASSOCIATION OFFICERS

Left to right: Bernie Wolf, Secretary; Mike Schaub, Treasurer; Tom Fort, Vice-President; Bob Watson, President.

Cross-Country Team

Orie Hiatt

CROSS-COUNTRY

Towson's cross-country team, the first in the college's history, went the entire season undefeated in dual meets and won the Maryland State Teachers College championship.

Sixteen students have participated in the sport this year, and the team is comprised of freshmen and sophomores. Among the top five performers were John Gist, Bob Kane, Layten Stamper, Orie Hiatt, and Lee Bowsley.

F. Mahn gives a backhand return.

Leizman displays forehand motion.

TENNIS

The STC tennis team turned out this fall with several of last year's letter men returning. Those included were Al Schleunes, Leizman, Lane, and Moerschel. Activity showed that much improvement had been made during the summer. Several matches were held during the fall including one with the Hopkins varsity and freshman teams. The Towson team was strengthened by the addition of such men as Mahn, Smith, Causey, Lapides, Thaxton, Brooks, Schumann, and Moore. Ed Moore is a particularly good prospect for the future because of experience gained on the Eastern Shore. Twenty-four matches with Mason-Dixon teams are being scheduled for the spring including the trip south for the Roanoke, Lynchburg, and Bridgewater matches.

BASEBALL

Baseball was resumed at Towson in the season of 1947 and there has been a marked increase in baseball interest each year. In the last few years it has been possible to develop an average team with the material available.

While the 1950 team still lost more games than it won in the Mason-Dixon Conference last season, it did succeed in defeating a few outstanding teams in their division, such as the defeat of Salisbury 22-10, Baltimore University 4-1, Mt. Saint Marys 8-7, and the rather unexpected 6-4 upset of Washington College.

Baseball Team

Standing left to right: Coach von Schwerdtner, B. Kenly, J. Wirth, C. Hoddinott, D. Cecil, E. Forthman, T. Fort, I. Lyng, J. Montgomery. Kneeling left to right: R. Watson, G. Kimmett, J. Hottes, R. Piersanti, A. Burgee.

Varsity Soccer Team

VARSITY SOCCER

Under the coaching of Mr. Killian and Dr. Minnegan, the soccer team placed one of its members on the Mason-Dixon Conference All Star First Team and two on honorable mention. Ed Leonard took center half on the first team. Animon Burgee was awarded goalie on the second team, and Jim Gedes walked away with left halfback.

The soccer team fought hard the entire way through the season, but the fitting climax of the season was the game with Elizabethtown

on Homecoming Day. It went into two overtime periods and was ended in a 5-5 deadlock when darkness forced the game to a close. Although the scores of many of the games were not in Towson's favor, the team commanded respect at all times from the best teams. Co-managers Bud Cornell and Don Webb worked very hard in the team's interest.

*"It matters not that you won or lost,
But how you played the game."*

VARSITY TEAM

VARSITY AND

From an era of great plenty in 49-50 to a time of comparative famine in '50-'51 is the saga of Towson's basketball team.

Last winter, Towson fans viewed a large squad of experienced cagers blessed with size, speed, and talent. This winter, the backers of the Golden Knights were alarmed by what appeared to be a basketball famine.

Coach Earl Killian, Towson's new mentor, looked over the squad and said, "It looks like a long winter".

Coach Killian and the Towsonites were especially worried about the loss of their big men because young giants are such a potent

Mike Schaub going up for the tap

Roanoke picks off a rebound

Galloway makes a recovery

Up and over

JV BASKETBALL

part of modern basketball. Compared with last year's well stocked squad, the present crop appeared inadequate, but, compared with average Towson material, the squad was an excellent one.

However, Coach Killian, the Knights' versatile tutor, was not totally discouraged and stated, "The team will attempt to utilize fully the fast break and driving type of basketball."

The roster of the varsity squad includes: 21 Kimmett, 18 Hottes, 22 Turner, 10 Lane, 20 Schaub, 21 Burgee, 15 Watson, B. 16 August, 17 Piersanti.

JUNIOR VARSITY TEAM

Rhinehart displays a fine touch.

137-pound class

WRESTLERS

Winter season has approached the STC campus, and from the basement of the gym there comes a hum of increased activity. Upon investigation we find that the wrestling squad has started its workouts for the coming season.

The coach, Mr. von Schwerdtner, has high hopes for the team in the coming Mason-Dixon race since the squad is composed mostly

of veterans who last year led Towson to a tie for the championship in conference dual meets.

With a core of veterans to bolster the alert newcomers, the wrestling team should have a good season, and more than equal the record it established last season.

WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association is the second largest organization on the campus, with the entire woman student body as members. Its purpose is to "work cooperatively with the Student Government Association, to promote athletics in the college, to create a more vigorous school spirit, and to sponsor recreational activities for women students". The business of the organization is transacted by an executive board composed of officers and managers.

To accomplish its purpose the WAA sponsors an elective program designed to include all fields of athletic abilities and interests. Some of the electives offered are hockey, tennis, badminton, basketball, modern dance, archery, and bowling. There are no varsity sports but teams are chosen from the girls who participate in the electives and compete with other colleges. There are teams from the hockey, bowling, badminton, and basketball electives.

Special awards are given to those who receive the required number of points. Ten points are given to a student who participates one hour a week for seven weeks in an elective. Class numerals are awarded to the student earning 70 points, a school letter for 140 points, a star for 180 points, and the high award for 320 points.

The WAA, under the direction of Miss Mary Roach, encourages competitive sports and promotes sportsmanship among its fellow members.

MODERN DANCE

Modern dance is a fairly new addition to our elective program, for the '50-'51 season is but the third year it has been offered. The elective is under the able direction of Mrs. Banther from the Dennis School of Dancing. Strenuous exercises are engaged in by all before advanced work is taken up. The girls then learn such things as the fundamental dance steps, fundamentals of ballet, and interpretive dancing. Modern dance elective receives points under the WAA system and it runs for fourteen weeks. Its objective is to develop grace and poise for the prospective school mams.

"Grace and poise for the prospective school mams."

Here's hoping

BADMINTON

This elective looks forward to having its team-mates meet in the annual badminton games and round robins which are played with other colleges each season. The girls warm up for their games by taking part in the elective which is held one hour a week. This is held at night for dormitory girls and in the afternoon for day students. They play in three groups — beginners, intermediate, and advanced. All girls concentrate on teamwork, shots, and positions.

Ready for the serve

ARCHERY

Archery is one sport at STC which carries on an elective both in fall and spring. Many who are new at this activity find this advantageous, because it provides opportunity for practicing the skills learned twice a year. While taking part in archery the girls learn the correct way to string a bow, the posture involved, aiming at different distances, and safety measures which are so important.

H. Wilson shows them how.

Left to right: M. Burton, J. Samuels, A. Compton.

WOMEN'S SOCCER

The girls, as well as the boys of State Teachers, enjoy the fast moving game of soccer. It is a regular part of the WAA elective program during the fall.

The girls divide into teams and play against each other during the designated hour, which is scheduled once a week. In spite of the bruises, it is enjoyed by almost everyone, because the skills such as dribbling, control and teamwork offer a real challenge.

Defense moves in to block Kopelke's goal attempt.

A. Compton tries for a goal in soccer elective.

C. Wilt successfully heads the ball.

BASKETBALL

When winter rolls around, one sees many of the girls of State Teachers going out for the Basketball elective. Like all the other electives, this is open to anyone who is the least bit interested. The elective is organized into teams which play one another and offer stiff competition within the group. Those girls who become more skilled in the game are chosen to form teams to compete against other colleges.

It is one of the most popular sports on campus because it is so much fun and offers so much excitement. It is good for those who like the more strenuous activities, and it is valuable in that it develops sportsmanship, competition, and teamwork. The elective program at STC would not be complete without this fascinating sport.

F. Rice is blocked by S. Duvall.

Top row, left to right: A. Compton, B. Kopelke, J. Wunder, S. Pietty, A. Weber, P. Morris, L. Redemann, A. Wilson. Bottom row, left to right: J. Hoke, D. Saukites, J. Kreis, P. Sandell, E. Ruland, P. Wishard, J. Hoffman.

HOCKEY

The athletic program of the WAA begins in the fall with the ever popular game of hockey. For the students who have never taken part in the game, it offers variety and a new challenge in sports; for those students who are familiar with the rules and techniques, it gives an opportunity for more ex-

perience. Teams are drawn from the electives and play colleges in this vicinity. The teams take advantage of the opportunity for more practice by meeting with Miss Sargeant for additional work. They are under the direction of Miss Jean Sargeant and Miss May Roach.
